About WorldDAB

WorldDAB is the global industry forum responsible for defining and promoting DAB+, the digital radio broadcasting standard of choice in Europe, Asia Pacific and beyond.

With unique cross-industry representation, our 100+ member organisations from 30+ countries around the world include regulators, broadcasters, and network providers through to manufacturers of receivers, chips, professional equipment and automobiles. Together we define and promote DAB+ offering support on all aspects of the switch from analogue to digital radio. This includes regulation, licensing, technology trials, network build out, marketing and production of digital radio content.

We support and host industry events, briefings and tailored workshops providing insights, market intelligence and invaluable networking opportunities.
