[Programme and Registration](#)

5 - 6 November
Mövenpick Hotel
Amsterdam City Centre

Over 160 delegates are now registered from over 70 international companies. Click [here](#) to view the programme for this two day conference.

Latest GfK Statistics now available

The latest GfK Statistics from September 2013 are available to WorldDMB members only at <http://members.worlddab.org/gfk-statistics>. Includes data on market growth in 6 key countries covering; Digital Radio sales, Digital Radio Penetration in Radio Market, and Car Audio Digital Radio After Market sales figures.

Accumulated sales of receivers in Germany is now more than 2.7 million, according to the German Digitisation 2013 Report

During IFA research was published on the status of the German Radio industry in the report entitled 'Digitisation 2013 Broadcasting and the internet – thesis, antithesis, synthesis?'

Membership Renewals due January 2014

WorldDMB member Key Contacts will be sent an invoice in the post end of December 2013. Key Contacts should ensure that their invoice is paid on time otherwise a 5% late fee will be added to any payments outstanding from 5 February 2014. To request that your invoice is sent to you via email, supply a Purchase Order number to be included on your invoice, or to change any of the details that appear on your organisations membership invoice please contact the [Project Office](#).

Member benefit – discounted registration to Radiodays Europe 2014, Dublin, Ireland 23 – 24 March, 2014

WorldDMB members have exclusive access to a discount on registration to Radiodays Europe 2014
Registration is now open.

As a partner organisation we can offer our members a discount price, valid until 10 February 2014. After that only full price tickets will be available. Last year Radiodays Europe was completely sold out, so don't wait too long to register.

**The discount partner price for WorldDMB members is
468 Euros (+ Irish VAT 23%), total price 575 Euros.**

That is the same price as last year and a 220 Euros discount compared to the normal price (795 Euros incl VAT) and a 100 Euros discount from the early bird offer available on the website until 31 December (this discounted price is offered until 10 February, as mentioned above).

Participants should register on the website (www.radiodayseurope.com) and will need to use a discount code – “DMB14” –to get the discount price.

Presentations from recent events

WorldDMB members have exclusive access to presentations at the following events:

Members are encouraged to submit any press materials including news article links and/or press releases to the the Project Office each week by Thursday afternoon so that we may include your company's news in our **Weekly Industry News** email, sent

out each Thursday evening.

New WorldDMB Member

WorldDMB's newest member is CSR

CSR is a pioneering designer and developer of silicon and software for the consumer electronics market. We help to transform the lives of [motorists](#), [photographers](#), [music lovers](#), [mobile phone users](#) and other gadget-loving consumers.

CSR is dedicated to finding simple solutions to complex problems. Using our track record working with leading brands, our highly skilled engineers develop world-class technologies that realise the potential of a wide range of devices to make peoples' lives and experiences easier, richer and more varied.

Our energies are focused on five sectors:

- [Voice and music](#)
- [Location](#)
- [Automotive infotainment](#)
- [Bluetooth® Smart](#)
- Imaging ([cameras](#) and [printers](#))
