Defining the future of digital radio

Important meeting place for decision makers about the future of digital radio.

Micheal Gascoin, NRK

ABOUT WORLDDAB

WorldDAB is the global forum for digital radio, facilitating the adoption and implementation of digital broadcast radio based on the DAB family of standards. Its membership includes public and commercial broadcasters, network providers, receiver, chip and car manufacturers. WorldDAB's membership is made up of senior executives and technical professionals from across the industry involved in the rollout of digital radio. Headquartered in Geneva, Switzerland, WorldDAB has an operational office in London providing on-the-ground support to its global network of digital radio professionals.

WorldDAB delivers tailored solutions and advice on all aspects of the switch from analogue to digital radio including regulation, licensing, technical trials, network build out, marketing and production of new digital radio content. Solutions are delivered through leading-edge industry events, car manufacturers' workshops, tailored workshops and seminars and via the WorldDAB website and members-only information portal.
