

Press release

Venlo, September 28, 2016: Sangean is proud to present the WFR-30 which will be available in October 2016. A tabletop internet/DAB+ radio with the trustworthy sound-quality of Sangean. The perfect companion for cozy evenings or your quality time afternoons. The wooden cabinet gives it a great and warm sound. Its black color gives the radio a timeless design and fits in almost every interior.

Internet/DAB+ /FM Radio/Network Music Player

Three options for finding your favorite radio station. First one is the possibility to listen to more than 15,000 internet radio stations from all over the world (pre-programmed). With the easy usage of the free UNDOK App (available for iOS and Android) on your Smartphone or Tablet, you can listen whatever you want, whenever you want. The second option is to listen to DAB+ with its crystal clear audio sound. And of course there is the option to listen to FM-radio. You can preset per option 5 of your favorite stations for easy access.

You can stream your own music from your computer, tablet or smartphone, or you choose your favorite radio station.

And there is more..

- Optimize your sound-preferences with build-in equalizer
- It is also a clock radio
- Use the Aux-in to connect your MP3-player, CD-player or other devices
- Supports dual frequency 5 GHz / 2.4 GHz Wi-Fi routers and its antenna
- Headphone connection + Line-out
- It is an full-optional Network Music Player (DLNA 1.5 compliant)
- Use the Spotify Connect-function for less battery use of your phone or Tablet, by streaming your playlist direct from the Cloud.

The WFR-30 is available for a recommended sales price of 249 euros.
