On the occasion of the Open Day of Czech Radio, RTI cz s.r.o. in cooperation with Czech Radio České Budějovice organizes the event DAY WITH DIGITAL RADIO. Visitors will once again be treated to the largest exhibition of DAB receivers in the Czech Republic. There will be new products for 2022, car radios, mobile phone with DAB+, radio for the blind and car adapters for digital radio for older cars. An interesting feature will be the DAB+ radio integrated in the rear-view mirror. In addition to new products from TECHNISAT, HAMA, KENWOOD, POP or PURE, the exhibition will also feature the complete current range of SILVERCREST DAB+ radios supplied by Lidl Czech Republic. All visitors will be able to try out the radio receivers, get acquainted with the new functions and compare listening to digital and analogue radio. Around 50 DAB+ digital radio receivers from 15 manufacturers will be on display. Selected DAB+ radio receivers will be available for purchase on site. Complete information about digital radio broadcasting in the Czech Republic will be available.
